

¡Capturemos las luces ocultas de la energía geotérmica con tecnología de punta!

1<sup>st</sup> GO!

Fecha: 27 de Junio 2022

Hora: 15:00 a 15:30pm

Lugar: Sala de audiencia, Espino, Facultad de Ingeniería y Arquitectura, Universidad de El Salvador

Actividad: Conferencia Especial

Participación: Solo participantes de curso de diplomado GEOTERMIA

Modalidad: Presencial

## “ Geothermal Future: Magma-Hydrothermal Connection ”

**Noriyoshi TSUCHIYA (土屋範芳)**

(Representante de SATREPS GEOTERMIA)

**Dean of Graduate School of Environmental Studies,  
University of TOHOKU, Japan**

Board Member of Japanese Geothermal Research Society  
Member of Organizing Committee of International Workshop  
on WATER DYNAMICS  
Secretary General, Water-Rock Interaction -17

### **Research fields**

Geothermal Geology  
Environmental Geology  
Water – Rock Interaction  
Hydrothermal Reactions and Transport Phenomena of Geofluids

### **Awards**

Geothermal Resources Council Best Paper Award (2001)  
Best Poster Award of Renewable Energy 2006 (2006)

GO! **SATREPS**
